

Sediments, Structures, Shores, and Storms: Keeping a keen eye on eastern geology

THE GEOLOGICAL SOCIETY
OF AMERICA®

The Geological Society of America
Joint Meeting of the
Southeastern & Northeastern Sections
Reston, Virginia
March 17–19, 2023

<http://www.geosociety.org/se-mtg-next>

Photos are from left to right, top to bottom: Great Falls on the Potomac River, VA-MD (J. Wright Horton, USGS); folds and faults in the Tonaloway Limestone from "Corridor H" Highway 48, WV (Dan Doctor, USGS); Calvert Cliffs, MD (Lucy Edwards, USGS); and a view from Market Street of the Hyatt Regency Reston (meeting venue) and Reston Town Center (<https://www.hyatt.com/en-US/hotel/virginia/hyatt-regency-reston/resto/photos-reviews#photos>).
