

Contents

Preface xv

Foreword xvii

INTERIOR LOW PLATEAUS AND APPALACHIAN VALLEY AND RIDGE

1. *Selected exposures of Pennsylvanian rocks in western Kentucky* 1
Peter W. Whaley

2. *Hydrogeology of Turnhole Spring groundwater basin, Kentucky* 7
James F. Quinlan, Ralph O. Ewers, and Arthur N. Palmer

3. *The Upper Ordovician Fredericktown Section, Nelson County, Kentucky* 13
Martin C. Noger

4. *The Jephtha Knob cryptoexplosion structure, Kentucky* 17
C. Ronald Seeger

5. *Cincinnati region: Ordovician stratigraphy near the southwest corner of Ohio* 21
R. A. Davis

6. *Middle Ordovician High Bridge Group and Kentucky River fault System
in central Kentucky* 25
Gary L. Kuhnhehn and Donald C. Haney

7. *Devonian and Mississippian black shales of Kentucky* 31
Roy C. Kepferle

8. *The Mississippian-Pennsylvanian transition along Interstate
64, northeastern Kentucky* 37
Frank R. Ettensohn

9. *Red River Gorge Geological Area (Daniel Boone National Forest) and
Natural Bridge State Park, east-central Kentucky* 43
Garland R. Dever, Jr., and Lance S. Barron

10. <i>“Four Corners”</i> : A 3-dimensional panorama of stratigraphy and depositional structures of the Breathitt Formation (Pennsylvanian), Hazard, Kentucky	47
Donald R. Chesnut, James C. Cobb, and John D. Kiefer	
11. <i>Pennsylvanian-age distributary-mouth bar in the Breathitt Formation of eastern Kentucky</i>	51
Donald R. Chesnut and James C. Cobb	
12. <i>Burning Springs Anticline, West Virginia</i>	55
Jonathan K. Filer	
13, 14. <i>Pennsylvanian System stratotype sections, West Virginia</i>	59
Kenneth J. Englund, Harold H. Arndt, Stanley P. Schweinfurth, and William H. Gillespie	
15. <i>Greenland Gap, Grant County, West Virginia</i>	69
Katharine Lee Avary	
16. <i>The Taconic sequence in the northern Shenandoah Valley, Virginia</i>	73
Lynn S. Fichter and Richard J. Diecchio	
17. <i>Devonian to Mississippian section, Elkins, West Virginia</i>	79
J. S. McColloch and J. F. Schwietering	
18. <i>Taconian elastic sequence and general geology in the vicinity of the Allegheny Front in Pendleton County, West Virginia</i>	85
Richard J. Diecchio	
19. <i>The Catskill elastic wedge (Acadian Orogeny) in eastern West Virginia</i>	91
Lynn S. Fichter	
20. <i>Trimble Knob basalt diatreme and associated dikes, Highland County, Virginia</i>	97
Eugene K. Rader, Thomas M. Gathright II, and John D. Marr, Jr.	
21. <i>The Browns Mountain anticlinorium, West Virginia</i>	101
Bryon R. Kulander, Stuart L. Dean, and Peter Lessing	
22. <i>Stratigraphic and structural features of Fincastle Valley and Eagle Rock Gorge, Botetourt County, Virginia</i>	105
Eugene K. Rader and Thomas M. Gathright II	
23. <i>Batoff Creek section of Pennsylvanian-Mississippian strata, Raleigh County, West Virginia</i>	109
Gayle H. McColloch, Jr.	
24. <i>Appalachian Valley and Ridge to Appalachian Plateau transition zone in southwestern Virginia and eastern West Virginia: Structure and sedimentology</i>	113
Robert C. Whisonant and Arthur P. Schultz	
25. <i>Max Meadows tectonic breccia at Pepper, Virginia</i>	119
Arthur P. Schultz	

26. <i>Chestnut Ridge Fenster: Illustration of a thin-skinned deformation of the Pine Mountain block, Lee County, Virginia</i>	123
Robert C. Milici	
27. <i>Mississippian facies of the Newman Ridge area, Hancock County, Tennessee</i>	127
Kenneth O. Hasson	
28. <i>Thorn Hill: A classic Paleozoic stratigraphic section in Tennessee</i>	131
Don W. Byerly, K. R. Walker, W. W. Diehl, M. Ghazizadeh, R. E. Johnson, C. T. Lutz, A. K. Schoner, W. A. Simmons, J.C.B. Simonson, L. J. Weber, and J. E. Wedekind	
29. <i>Saltville fault at Sharp Gap, Knoxville, Tennessee</i>	137
Robert D. Hatcher, Jr.	
30. <i>Middle Ordovician shelf-edge skeletal sand-bank, organic build-ups, and quartz-sand-waves of the Holston and Chapman Ridge Formations near Knoxville, Tennessee</i>	139
Kenneth R. Walker	
31. <i>Cumberland Plateau décollement zone at Dunlap, Tennessee</i>	143
Robert L. Wilson and Steven F. Wojtal	
32. <i>Whiteoak Mountain synclinorium, Bradley County, Tennessee</i>	149
Robert L. Wilson	
33. <i>Geology of Lookout Mountain, Georgia</i>	153
Howard Ross Cramer	
34. <i>Ringgold Gap: Progradational sequences in the Ordovician and Silurian of North west Georgia</i>	159
Andrew K. Rindsberg and Timothy M. Chowns	
35. <i>Early Cambrian elastics in northern Cleburne and Calhoun Counties, Alabama</i>	163
Denny N. Bearce	
36. <i>Middle and Upper Ordovician stratigraphy of the southernmost Appalachians</i>	167
Thornton L. Neathery and James A. Drahovzal	
37. <i>The Coosa deformed belt, thin imbricate thrust slices in the Appalachian fold-thrust belt in Alabama</i>	173
William A. Thomas and James A. Drahovzal	
38. <i>Murphrees Valley anticline, a southeast-verging anticline in the Appalachian fold-thrust belt in Alabama</i>	175
William A. Thomas and Thornton L. Neathery	
39. <i>Sequatchie anticline, the north westernmost structure of the Appalachian fold-thrust belt in Alabama</i>	177
William A. Thomas	

40. <i>Flood-tidal deltas and related back barrier systems: Bremen sandstone, "Pottsville" Formation, Black Warrior Basin, Alabama</i>	181
Christopher A. Haas and Robert A. Gastaldo	
41. <i>Pottsville Formation in Alabama</i>	185
Lawrence J. Rheams and D. Joe Benson	
42,43. <i>Birmingham anticlinorium in the Appalachian fold-thrust belt, basement fault system, synsedimentary structure, and thrust ramp</i> ,,	191
William A. Thomas and Denny N. Bearce	

BLUE RIDGE AND PIEDMONT

44. <i>Harpers Ferry water gap</i>	201
Douglas G. Patchen and Katharine Lee Avary	
45. <i>Extrusion environments of part of the Catactin Formation</i>	207
M. T. Lukert and Guatam Mitra	
46. <i>Shores Complex and Mélange in the central Virginia Piedmont</i>	209
William Randall Brown	
47. <i>Ophiolites(?) in the Lynchburg Group near Rocky Mount, Virginia</i>	215
James F. Conley	
48. <i>The Roanoke Rapids complex of the Eastern slate belt, Halifax and Northampton Counties, North Carolina</i>	217
J. Wright Horton, Jr., and Edward F. Stoddard	
49. <i>The western edge of the Raleigh belt near Adam Mountain, Wake County, North Carolina</i>	223
Edward F. Stoddard, J. Wright Horton, Jr., Albert S. Wylie, Jr., and David E. Blake	
50. <i>Pilot Mountain, North Carolina</i>	227
James Robert Butler	
51. <i>Linville Falls fault at Linville Falls, North Carolina</i>	229
Robert D. Hatcher, Jr. and J. Robert Butler	
52. <i>The Concord gabbro-syenite complex, North Carolina</i>	231
Harry Y. McSween, Jr.	
53. <i>Carolina slate belt near Albemarle, North Carolina</i>	235
James Robert Butler	
54. <i>The Kings Mountain belt and spodumene Pegmatite District, Cherokee and York Counties, South Carolina, and Cleveland County, North Carolina</i>	239
J. Wright Horton, Jr. and J. Robert Butler	
55. <i>Diabase dike near Lancaster, South Carolina: The "Great Dyke of South Carolina"</i>	245
James Robert Butler	

56. <i>Geology of the Haile Gold Mine, Lancaster County, South Carolina</i>	247
Henry Bell	
57. <i>The Brevard fault zone at Rosman, Transylvania County, North Carolina</i>	251
J. Wright Horton, Jr., and J. Robert Butler	
58. <i>Winding Stair Gap granulates: The thermal peak of Paleozoic metamorphism</i>	257
B. Steven Absher and Harry Y. McSween, Jr.	
59. <i>Chunky Gal Mountain and Glade Gap</i>	261
Robert D. Hatcher, Jr.	
60. <i>Ocoee Gorge; Appalachian Valley and Ridge to Blue Ridge transition</i>	265
Robert D. Hatcher, Jr., and Robert C. Milici	
61. <i>The Cartersville fault at Carters Dam</i>	271
Keith I. McConnell	
62. <i>The Pumpkin vine Creek Formation at the type locality</i>	275
Charlotte E. Abrams and Keith I. McConnell	
63. <i>Corbin Gneiss Complex: Southernmost exposures of Grenville basement in the Appalachian Blue Ridge</i>	277
John O. Costello	
64. <i>The Brevard fault zone west of Atlanta, Georgia</i>	281
Keith L McConnell	
65. <i>Structural and petrologic features of the Stone Mountain granite pluton, Georgia</i>	285
Willard H. Grant	
66. <i>The Bartletts Ferry and Goat Rock fault zones north of Columbus, Georgia</i>	291
Thomas B. Hanley and James C. Redwine	
67. <i>Petrography and structural geology of Uchee Belt Rocks in Columbus, Georgia, and Phenix City, Alabama</i>	297
Thomas B. Hanley	
68. <i>Mitchell Dam amphibolite along Alabama Highway 22, east-central Chilton and west-central Coosa Counties, Alabama</i>	301
Karen F. Rheams, David Allison, and James F. Tull	
69. <i>Olistostromal unit of the Silurian-Lower Devonian Lay Dam Formation, Talladega Slate Belt, Chilton County, Alabama</i>	305
James F. Tull and Whitney R. Telle	

ATLANTIC AND GULF COASTAL PLAINS

70. <i>Mesozoic and Cenozoic compressional faulting along the Coastal Plain margin, Fredericksburg, Virginia</i>	309
Eugene K. Rader, Wayne L. Newell, and Robert B. Mixon	

71. <i>Depositional environments and paleogeography of the interglacial Flanner Beach Formation, Cape Lookout area, North Carolina</i>	315
Robert B. Mixon	
72. <i>The geology and physiography of the Orangeburg Scarp</i>	321
Donald J. Colquhoun	
73. <i>The Chandler Bridge Formation (Upper Oligocene) of the Charleston, South Carolina, region</i>	323
Robert E. Weems and Albert E. Sanders	
74. <i>Stratigraphy and depositional environments of the kaolin belt in middle Georgia</i>	327
Aubrey L. Long, R. L. Quintus-Bosz, and Ed L. Schrader	
75. <i>Trail Ridge and Okefenokee Swamp</i>	331
Robert E. Carver, George A. Brook, and Robert A. Hyatt	
76. <i>Devil's Mill Hopper, Alachua County, Florida</i>	335
Thomas M. Scott	
77. <i>The Central Florida Phosphate District</i>	339
Thomas M. Scott	
78. <i>The Everglades National Park</i>	343
Paulette Bond	
79. <i>Carbonate rock environments of south Florida</i>	345
Paulette A. Bond	
80. <i>St. Vincent Island (St. Vincent National Wildlife Refuge), Florida</i>	351
Kenneth M. Campbell	
81. <i>Alum Bluff Liberty County, Florida</i>	355
Walt Schmidt	
82. <i>Providence Canyons: The Grand Canyon of southwest Georgia</i>	359
Arthur D. Donovan and Juergen Reinhardt	
83. <i>Sedimentary facies of the Upper Cretaceous Tuscaloosa Group in eastern Alabama</i>	363
Juergen Reinhardt, L. W. Smith, and D. T. King, Jr.	
84. <i>Cretaceous-Tertiary boundary southeast of Braggs, Lowndes County, Alabama</i>	369
Charles W. Copeland and Ernest A. Mancini	
85. <i>St. Stephens Quarry (Lone Star Cement Company Quarry), St. Stephens, Washington County, Alabama, where a near complete Oligocene section, including the Eocene-Oligocene boundary, is exposed</i>	373
Ernest A. Mancini and Charles W. Copeland	

86. *Dobys Bluff tongue of the Kosciusko Formation and the Archusa Marl Member of the Cook Mountain Formation at Dobys Bluff on the Chickasaway River, Clarke County, Mississippi* 379
 David T. Dockery III

87. *The Bashi-Tallahatta section at Mt. Barton, Meridian, Mississippi* 383
 David T. Dockery III

88. *Shelf marls and chalks in the Marine Section of the Upper Cretaceous: Mississippi* 387
 Ernest E. Russell

89. *Coffee Landing, Hardin County, Tennessee: Type locality of the Coffee Sand* 393
 Ernest E. Russell

90. *Earthquake-related features in the Reelfoot Lake area of the New Madrid Fault Zone in northwest Tennessee* 397
 Ernest W. Blythe, Jr.

91. *The Cockfield (Claiborne Group), Moodys Branch and Yazoo (Jackson Group) Formations at the Riverside Park locality in Jackson, Mississippi* 401
 David T. Dockery III

92. *The Vicksburg Group at the Haynes Bluff Quarry* 405
 David T. Dockery III

93. *Holocene fluvial landforms and depositional environments of the Lower Mississippi Valley* 409
 Roger T. Saucier

94. *Domes of the North Louisiana Salt Basin* 413
 Joseph D. Martinez

95. *The Florida Parishes of southeastern Louisiana* 419
 Whitney J. Autin, J. J. Alford, Bobby J. Miller, and Robert P. Self

96. *Louisiana Chewier Plain* 425
 John T. Wells

97. *Physiography of Louisiana Salt Domes (The Five Islands)* 431
 Donald H. Kupfer

98. *Selected depositional environments of the Mississippi River deltaic plain* 435
 Harry H. Roberts

99. *Overflights of the lower deltaic plain of the Mississippi River delta complex* 441
 Harry H. Roberts

100. *The Bayou Lafourche delta, Mississippi River delta plain, Louisiana* 447
 Shea Penland, William Ritchie, Ron Boyd, Robert G. Gerdes, and John R. Suter

Index 453

TOPICAL CROSS-REFERENCES FOR FIELD GUIDE SITES

Economic Geology

Alabama: 40, 41
 Florida: 77
 Georgia: 62, 74, 75
 Kentucky: 1, 7, 10, 11
 Louisiana 94, 97
 South Carolina 56, 73
 Tennessee: 28
 West Virginia 13, 14, 23

Geomorphology

Alabama: 42, 43
 Florida: 76, 78, 80
 Georgia 65, 75, 82
 Kentucky: 2, 4, 7, 9
 Louisiana 93, 94, 95, 96, 97, 98, 99, 100
 Mississippi: 87
 North Carolina: 50, 71
 South Carolina: 72
 Tennessee: 89, 90
 Virginia: 44
 West Virginia 15, 18, 44

Hydrogeology

Florida: 78
 Kentucky: 2

Igneous or metamorphic petrology

Alabama: 67, 68, 69
 Georgia: 61, 62, 63, 64, 65, 66, 67
 North Carolina 48, 49, 50, 51, 52, 53, 54, 57, 58, 59
 South Carolina: 55, 56
 Tennessee: 60
 Virginia: 20, 44, 45, 46, 47
 West Virginia: 44

Sedimentology

Alabama: 36, 40, 41, 42, 43, 69, 83, 84, 85
 Florida, 78, 79, 80
 Georgia: 33, 34, 74, 75, 82
 Kentucky 1, 3, 5, 6, 7, 8, 9, 10, 11
 Louisiana: 93, 95, 96, 98, 99, 100
 Mississippi: 86, 87, 88, 92
 North Carolina: 71
 Tennessee: 27, 28, 30, 89
 Virginia: 16
 West Virginia: 13, 14, 17, 18, 19

Stratigraphy

Alabama: 35, 36, 37, 38, 39, 40, 41, 42, 43, 84, 85

Florida: 76, 77, 79, 80, 81
 Georgia: 33, 34, 64, 74, 75, 82
 Kentucky: 1, 3, 5, 6, 7, 8, 10, 11
 Louisiana: 95, 96, 97
 Mississippi: 86, 87, 88, 91, 92
 North Carolina: 49, 50, 53, 54, 71
 South Carolina 72, 73
 Tennessee: 27, 28, 29, 31, 32, 60, 89, 90
 Virginia 16, 20, 22, 24, 25, 26, 45, 47, 70
 West Virginia: 12, 13, 14, 15, 17, 18, 19, 21, 23, 24

Structural Geology

Alabama: 35, 37, 38, 39, 42, 43, 67
 Georgia: 61, 62, 64, 65, 66, 67
 Kentucky: 4, 6, 9
 Louisiana: 97
 North Carolina: 50, 51, 53, 54, 57
 Tennessee 28, 29, 30, 31, 32, 60, 90
 Virginia: 22, 24, 25, 26, 44, 70
 West Virginia 12, 15, 17, 21, 24, 44
