Contents

Introduction
Harvey M. Kelsey and Ralph A. Haugerud .........................................................

Puget Lowland
1. Geology of Seattle, a field trip ................................................................. 1
   Ralph A. Haugerud, Kathy Goetz Troost, and William T. Laprade

2. Geologic challenges and engineering solutions for major transportation construction
   projects in Seattle, Washington ............................................................ 25

3. Grounding line processes of the southern Cordilleran Ice Sheet in the Puget Lowland .... 53
   Lauren M. Simkins, John B. Anderson, and Brian P. Demet

4. Tsunamis in the Salish Sea: Recurrence, sources, hazards .................................. 67
   Carrie Garrison-Laney and Ian Miller

Cascade Range and East Slope
5. Mesozoic terranes of the central Cascades: Geology of the Hicks Butte complex,
   Easton Metamorphic Suite, Peshastin Formation and Ingalls ophiolite complex .......... 79
   James H. MacDonald Jr., Joe D. Dragovich, Mark E. Pecha, Glenn T. Thompson,
   Shanna C. Stingu, Alex D. Maruszczak, Kristy M. Zalud, and Scott H. Milliken

6. Incorporation of sedimentary rocks into the deep levels of continental magmatic arcs:
   Links between the North Cascades arc and surrounding sedimentary terranes .......... 101
   Stacia M. Gordon, Robert B. Miller, and Kirsten B. Sauer

7. Sedimentary, volcanic, and structural processes during triple-junction migration:
   Insights from the Paleogene record in central Washington ................................ 143
   Michael P. Eddy, Paul J. Umhoefer, Robert B. Miller, Erin E. Donaghy, Melissa Gundersen,
   and Francesca I. Senes

Columbia River Basin and Western Idaho
8. Pleistocene glaciers, lakes, and floods in north-central Washington State ................ 175
   Richard B. Waitt

9. Generation of the Palouse loess: Exploring the linkages between glaciation,
   outburst megafloods, and eolian deposition in Washington State .......................... 207
   Mark R. Sweeney, Eric V. McDonald, and David R. Gaylord
10. Exploring the western Idaho shear zone using the StraboSpot data system 229
B. Tikoff, M.J. Kahn, R.M. Gaschnig, Z.D. Michaels, K. Davenport, J.A. Hole,
A.C. Stanciu, A.K. Fayon, and S.C. Kruckenberg
