

## *Contents*

<b>ABSTRACT</b> . . . . .	1
<b>INTRODUCTION</b> . . . . .	2
<b>Thompson Field Forum</b> . . . . .	3
<b>Terminology</b> . . . . .	3
<b>GEOLOGIC SETTING</b> . . . . .	5
<b>HISTORICAL PERSPECTIVE</b> . . . . .	7
<b>Markagunt Megabreccia</b> . . . . .	7
<b>Red Hills Shear Zone</b> . . . . .	9
<b>Paunsaugunt Thrust Faults</b> . . . . .	12
<b>Markagunt Gravity Slide</b> . . . . .	14
<b>Sevier Gravity Slide</b> . . . . .	15
<b>Summary of Discovery</b> . . . . .	15
<b>EVIDENCE FOR CATASTROPHIC FAILURE</b> . . . . .	16
<b>Pseudotachylyte</b> . . . . .	17
<b>Basal Layers and Injectites</b> . . . . .	18
<b>Relationship to Regional Tectonic Setting</b> . . . . .	18
<b>SYNTHESIS</b> . . . . .	19
<b>Gravity-Slide Model</b> . . . . .	19
<b>Emplacement Ages</b> . . . . .	20
<i>Markagunt Gravity Slide</i> . . . . .	20
<i>Sevier Gravity Slide</i> . . . . .	21
<b>DISCUSSION</b> . . . . .	21
<b>CONCLUSIONS</b> . . . . .	23
<b>FIELD GUIDE TO INSTRUCTIVE EXPOSURES</b> . . . . .	25
<b>Logistics</b> . . . . .	25
<b>Markagunt Gravity Slide</b> . . . . .	25
<i>Distal Area</i> . . . . .	25
<i>Haycock Mountain</i> . . . . .	25

<i>Panguitch Creek</i> . . . . .	33
<i>Haycock Mountain Tuff</i> . . . . .	33
<i>Castle Valley</i> . . . . .	37
<i>Bunker Creek</i> . . . . .	37
<i>Sidney Peaks</i> . . . . .	37
<i>Sidney Peaks south</i> . . . . .	37
<i>Blowhard Mountain</i> . . . . .	37
<i>Parowan Canyon</i> . . . . .	39
<i>Summit Canyon</i> . . . . .	39
<i>Northern Red Hills</i> . . . . .	39
<i>Western Black Mountains</i> . . . . .	39
<b>Central and Northern Area</b> . . . . .	46
<i>Cottonwood Mountain</i> . . . . .	46
<i>Owens Hollow</i> . . . . .	48
<i>Base of eastern Black Mountains fault scarp</i> . . . . .	48
<i>Ramp fault</i> . . . . .	51
<i>Showalter Mountain</i> . . . . .	51
<i>Bear Valley Junction dome</i> . . . . .	51
<i>Limekiln Creek</i> . . . . .	51
<i>Sanford Canyon</i> . . . . .	51
<i>Smith Canyon</i> . . . . .	53
<i>Circleville Canyon</i> . . . . .	56
<i>North of Circleville</i> . . . . .	58
<i>Southern Mineral Mountains</i> . . . . .	60
<i>Gillies Hill</i> . . . . .	66
<i>Western flank of the Tushar Mountains</i> . . . . .	67
<i>Mount Belknap breakaway</i> . . . . .	68
<i>Antithetic fault at Three Creeks Reservoir</i> . . . . .	70
<i>Puffer Lake</i> . . . . .	70
<b>Sevier Gravity Slide</b> . . . . .	74
<b>Distal Area</b> . . . . .	74
<i>Paunsaugunt thrust fault system</i> . . . . .	74
<i>Flake Mountain</i> . . . . .	74
<i>Southern end of Sevier Plateau</i> . . . . .	74
<i>Sanford Creek</i> . . . . .	74
<i>Smith Canyon</i> . . . . .	80
