

## CONTENTS

2005 Field Forum Participants.....	vi
Dedication.....	vii
Acknowledgments.....	vii
Introduction.....	1
Field Guide.....	3
Day 1: Glacier Point, Taft Point and Sentinel Dome.....	3
Background Geology.....	3
Stop 1.1: Glacier Point.....	3
Stop 1.2: Taft Point.....	6
Stop 1.3: Sentinel Dome.....	10
Stop 1.4: Cascade Creek.....	12
Stop 1.5: Elephant Rock Slide.....	13
Day 2: May Lake to Murphy Creek.....	14
Background Geology.....	14
Stop 2.1: May Lake.....	14
Stop 2.2: Murphy Creek Slabs.....	17
Stop 2.3: The Half Dome – Porphyritic Half Dome Transition.....	20
Day 2 Drive from Yosemite to Bishop, California.....	20
Day 3: Lamarck Pluton at Long Lake.....	22
Background Geology.....	22
Stop 3.1: Long Lake.....	24
Day 4: South Fork Big Pine Creek.....	27
Background Geology.....	28
Driving Through Owens Valley, Day 4.....	28
Stop 4.1: Distant View of Contact Relations Between Wall Rocks and Jurassic Plutons in the Split Mountain-Taboose Pass Area.....	28
Stop 4.2: Distant View of the Mafic Complex of Goodale Canyon.....	30
Stop 4.3: Mafic Dike Complex of the South Fork of Big Pine Creek.....	31
On the Road From Big Pine to Sierra View.....	36
Stop 4.4: Sierra View Overlook to the East.....	36
Day 5: EJB and Sage Hen Flat plutons, White-Inyo range.....	36
Background Geology.....	36
Stop 5.1: Distant View of the Sierra Nevada.....	43
Stop 5.2: Intrusive Contact and Wall-Rock Structure of the EJB Pluton, Deep Springs Valley.....	43
Stop 5.3: Southern Margin of EJB Pluton Near Death Valley Road.....	45
Stop 5.4: Western Margin of Sage Hen Flat Pluton.....	46
References Cited.....	46
