## **CONTENTS**

| Foreword 1   |  |     |
|--------------|--|-----|
| PA           | RT 1: REGIONAL QUATERNARY GEOLOGY OF CANADA                                |     |
| Introduction |  | 13  |
| 1.           | Canadian Cordillera  | 15  |
| 2.           | Canadian Interior Plains   | 97  |
| 3.           | Canadian Shield  | 175 |
| 4.           | St. Lawrence Lowlands of Canada  | 319 |
| <b>5</b> .   | Atlantic Appalachian region of Canada                                      | 391 |
| 6.           | Queen Elizabeth Islands  | 441 |
| PA           | RT 2: APPLIED QUATERNARY GEOLOGY IN CANADA                                 |     |
|              | roduction  | 479 |
| 7.           | Quaternary environments in Canada as documented by                         |     |
|              | paleobotanical case histories  | 481 |
| 8.           | Quaternary geodynamics in Canada   | 541 |
| 9.           | A survey of geomorphic processes in Canada                                 | 573 |
| 10.          | Terrain geochemistry in Canada   | 645 |
| 11.          | Quaternary resources in Canada   | 665 |
| 12.          | Influence of the Quaternary geology of Canada on man's environment         | 699 |
| PA           | RT 3: QUATERNARY GEOLOGY OF GREENLAND                                      |     |
| Int          | roduction  | 739 |
| 13.          | Quaternary geology of the ice-free areas and adjacent shelves of Greenland | 741 |
| 14.          | Dynamic and climatic history of the Greenland Ice Sheet                    |     |
| Ind          | lex  | 823 |
