<i>Foreword</i> . . . . .	v
Christopher M. Bailey and Lorrie V. Coiner	
<b>1. Active features along a “passive” margin: The intriguing interplay between Silurian–Devonian stratigraphy, Alleghanian deformation, and Eocene magmatism of Highland and Bath Counties, Virginia</b> . . . . .	1
John T. Haynes, Elizabeth A. Johnson, and Steven J. Whitmeyer	
<b>2. Does the Chopawamsic fault represent the main Iapetan suture in the southern Appalachians? Geology, geochemistry, and geochronology of the western Piedmont of northern Virginia</b> . . . . .	41
K. Stephen Hughes, James P. Hibbard, Brent V. Miller, Jeffrey C. Pollock, Alet A. Terblanche, Dillon M. Nance, and David J. Lewis	
<b>3. Key structural and stratigraphic relationships from the northeast end of the Mountain City window and the Mount Rogers area, Virginia–North Carolina–Tennessee</b> . . . . .	63
Arthur J. Merschat, Scott Southworth, Elizabeth McClellan, Richard P. Tollo, Douglas W. Rankin, Seth Hooper, and Samantha Bauer	
<b>4. Geology and neotectonism in the epicentral area of the 2011 M5.8 Mineral, Virginia, earthquake</b> . . . . .	103
William C. Burton, David B. Spears, Richard W. Harrison, Nick H. Evans, J. Stephen Schindler, and Ronald Counts	
<b>5. The Devonian Marcellus Shale and Millboro Shale</b> . . . . .	129
Daniel J. Soeder, Catherine B. Enomoto, and John A. Chermak	
<b>6. Karst geomorphology and hydrology of the Shenandoah Valley near Harrisonburg, Virginia</b> . . . . .	161
Daniel H. Doctor, Wil Orndorff, Joel Maynard, Matthew J. Heller, and Gerolamo (Jerry) C. Casile	
<b>7. Stratigraphy, structure, and regional correlation of eastern Blue Ridge sequences in southern Virginia and northwestern North Carolina: An interim report from new USGS mapping</b> . . . . .	215
Mark Carter and Arthur Merschat	
<b>8. Geology of the Scottsville Mesozoic basin, Virginia</b> . . . . .	243
Christopher M. Bailey, Jacob Rosenthal, and Kevin Quinlan	

- 9. Stratigraphy, sedimentology, and paleontology of the Upper Triassic Solite Quarry, North Carolina and Virginia** ..... 255  
Cynthia M. Liutkus-Pierce, Nicholas C. Fraser, and Andrew B. Heckert
- 10. Geology of the Coles Hill uranium deposit, Virginia Piedmont** ..... 271  
Joseph Aylor Jr., Robert Bodnar, and Jim Beard
